Subject: Subject: Objection to Planning Application DC/26/0761

Categories: Comments Received

Dear Planning Officer,

I wish to object to planning application DC/26/0761 for the proposed development of 120 homes on land east of Crawley Road, Faygate.

My concerns are as follows:

1. Loss of Green Space and Countryside

The proposed development would result in the loss of valuable open farmland and green space that contributes to the character of the local area.

2. Impact on the High Weald Area

The site forms part of the setting of the High Weald Area of Outstanding Natural Beauty, and development could have a harmful effect on the landscape and local environment.

3. Traffic and Road Safety

An additional 120 homes are likely to generate significant extra traffic on local roads, including Crawley Road and surrounding residential streets, increasing congestion and raising safety concerns for pedestrians and residents.

4. Pressure on Local Services

The development would place additional demand on schools, healthcare services, public transport, and other local infrastructure, which are already under pressure.

5. Loss of Wildlife Habitat

The site may provide habitat for wildlife and biodiversity. Development could negatively affect local species and ecological networks.

For these reasons, I respectfully request that the Council refuse this application or require substantial changes to address these concerns.

Regards
