Categories: [REDACTED]

Good afternoon Jonny

The tree surgeon was on site today and I gave the following details regarding our application DC/25/1763.

I cannot access it on your website as it comes up with a message to say there is a problem with access at the moment.

The Lime tree - current height c12 metres and branches to be reduced back to previous pollard points by 1.5-2m.

Finish height c10m

1 x Hazel tree - current height c7metres. All branches cut back 1-1.5m.

Finish height c5.5m.

2 x Cherry trees - current height c6.5 - 7m. All branches cut back 1-1.5m.

Finish height c5.5m

Regards

Maureen Miller

Good morning, Maureen,

I am just following up regarding your previous email surrounding the tree surgeon's visit for measurements. Is there any update there?

Many thanks,
Jonny

Hello , it will be early January before tree surgeon can measure up.

Thank you

Maureen

Good morning,

Thank you for your emails. I have looked over the plan and photos you've submitted; in one of your previous emails, you mentioned asking your tree surgeon to provide measurements for before and after the proposed works.

We will still need those in order to validate your application.

Thank you for your understanding and I look forward to hearing from you.

Kind regards,

Jonathan Lahai-Taylor

Hello, did you look at the site plan drawn up by your own arboriculturalist in 2020/2021 and also the photos I sent you.

Regards

Maureen
