Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	My concern is, that during the development of this site, there should be no use of the access road that runs alongside the property and is the only means of entry/exit to private parking of neighbouring houses. Developers have no right of access to this road and there should be no use of this. Access for homeowners should be maintained at all time.

As clear marking of the new development site, there should also be a full boundary fence along this access road.

Kind regards
