Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	I would like to be re-assured that during all of the proposed alterations there is no change or effect to the tree outside the front of the boundary of the property on the public highway verge. I would also hope that this will have no effect on the surrounding large conifer trees to the right of the front of the building around the boundary assuming they are all healthy.

These are my only concerns as it will be nice to have this lovely building changed to a secure, loved, family home
Thank you

Kind regards
