Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I'm a young adult who once had lovely walks in this location, it was a place where we could go that was quiet and away from the concrete and roads - perfect for our dog and a local way to connect back with nature. Access to the bluebell woods was magical and shoving a bunch more properties onto this land will kill the ambiance and cut off even more areas from the public. In

our current times where young people feel more disconnected than ever we need to expand public spaces and integrate more natural spaces rather than stamping over them.

Kind regards
