Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment - Trees and Landscaping
Comments:	The original design drawing 1221/4 shows the drive and parking for no.26 involves a dropped kerb thus reducing parking in the road. The assumption that this new property would have parking for two cars assumes there will never be visitors! Also Bin Stores on the building line reduces space!! The garden access is very narrow, will the use of a skip, as the owner of no 26 has a van and

one is often used be permitted? The parking already causes me problems getting off my drive. The original design stated there would be wheelchair access and suitable ground floor WC for wheelchair users I believe this has been forgotten now. It should never have been permitted, the space is not big enough.

Kind regards
