In order for the proposal to be lawful under permitted development all requirements of Class A of Part 1 of Schedule 2 of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended, must be met (which is attached). At this stage it is not apparent whether the development would accord with limitation (b) (of the attached) as the extent of the residential curtilage and how this relates to surrounding land is not clear. For absolute confirmation of whether a scheme meets the requirements, it is strongly advised that you submit a Lawful Development Certificate, the details of which can be found at https://www.horsham.gov.uk/planning/apply-for-planning-permission.

I hope this information is of assistance, but should you wish to discuss this matter further please contact the Case Officer on the above details.

Yours faithfully

Emma Parkes
Head of Development and Building Control
