| Comments:            | I hope it is not too late to add my comments. I agree with all the objections already raised by previous objectors, so won't list them here. |

My objection is LACK OF HOSPITAL FACILITIES.

We do NOT need more people in this area, it is full and the hospitals are having trouble coping with the volume of casualties - if there is any doubt I suggest someone takes a trip to East Surrey A&E to see the constant arrival of patients. The doctors are coping well under very difficult circumstances.

Kind regards
