Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design - Other
Comments:	Comment in Support: I am a local resident living near to the Charrington Way recreation ground and fully support the proposed renewal and regeneration of the play and recreation area. The plans for a MUGA, sensory trail, wild walk, and upgraded pathways represent a fantastic

investment in the local community and will provide much-needed facilities for children and families.

I also hope that feedback from local residents continues to be considered as the project progresses. In particular, attention to the safety of younger children - including the potential for fencing or other measures around play equipment to prevent off-lead dogs from entering (as with other play areas in Broadbridge Heath) - and ongoing monitoring of the space by the local PCSO or parish council team to discourage antisocial behaviour would help ensure the area remains safe and welcoming for everyone.

Overall, this is a very positive development for our neighbourhood

Kind regards
