Comment

Our Committee has reviewed the application and object on the grounds of Over developmentThis application is to create a new separate dwelling following the partial demolition of an existing listed building. While we do not have any objection to the partial demolition, we are concerned that a successful application would create a dangerous precedent for our rural area whereby other properties could be 'split'. Re the proposed 'gate house', we would also like to draw the attention of the planning office to the steep roof pitch and use of roof windows as well as the use of stone for construction of the exterior walls, none of which is in keeping with either the local style or that of the surviving listed building.
