Reasons for comment:	
Comments:	We entirely support the applicant's proposal and do not object. It is for a sustainable dwelling that will house local people and there is a current need. At the bottom of Horsham Road adjacent to the A264 is the Mowbray development of 2750 homes which is completely out of scale and has changed the whole area. It seems logical that would allow this application given it is sympathetic to a rural setting.
Where did you hear about this application?	Word of Mouth
