Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design - Other
Comments:	I fully support the proposed new design for Steyning Cricket Club. The existing clubhouse is in poor condition and is no longer fit for purpose. It does not provide suitable accessibility and it is clear that a modern, inclusive facility is needed. The proposed design addresses these issues by creating a building that is welcoming and accessible to everyone.

I particularly like the proposed design. It thoughtfully incorporates architectural elements from the surrounding context, ensuring it sits comfortably within its setting. The design is both appropriate and sensitive to the local character while providing a high-quality, modern facility.

Steyping Cricket Club is far more than a sports club - it is at the heart of the community and it is essential that the facilities are able to keep up with the current and future needs of the club. This development will create a building that Steyping can be proud of for many years to come, supporting both cricket and the wider community well into the future.

Kind regards
