Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment - Privacy Light and Noise
Comments:	I am extremely concerned about the development for 3 related reasons:

1. Already it is almost impossible to get cars out from the front driveways in Greenway during the day when the school is open because of cars parked on both sides of the road. The School has acted in its own interests but has taken no account of the problem faced by its neighbours. No thought has been taken to increase the car parking on the school site or to use 'kiss and drop' access to the large precincts to take the pressure off neighbours. Double yellow lines are needed in a similar way now to all surrounding roads.

2. The problem will be exacerbated by any work owing to lorries and other vehicles bringing materials over an extended period.

3. I am also concerned that in time there will be an increase in students enrolling at the school as this will undoubtedly be behind the decision to redevelop. This is not sustainable for the highway access and parking reasons already described.

Kind regards
