RECOMMENDATION:	
SUMMARY OF COMMENTS & RECOMMENDATION: Horsham Denne NC has no objection (see main comments)	
MAIN COMMENTS: Horsham Denne Neighbourhood Council Tree Warden, Andrew Dickinson, has visited the site and his report is as follows: All the young trees require their six-monthly routine maintenance. The stakes can now be removed, as some trees have become compressed to the main stem. This will cause restrictive ring growth if the ties are not removed. All the trees are in need of some light hand pruning to raise the lower branches to at least 1.5m. Also there should be a reduction of any lateral branches which are crossing or rubbing, especially if they are growing beyond the trees' structural shape. Upon completion, all arisings should be cleared to leave the site clean and the trees in a well-balanced shape. Therefore HDNC has **no objection** to this application.
