Horsham Denne Neighbourhood Council
CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	Street Record, Mulberry Close, Horsham
PROPOSAL:	Surgery to 4x Sycamore, 2x Lime, and 1x Corsican Pine.
REFERENCE:	DC/24/1680
RECOMMENDATION:	No objection

SUMMARY OF COMMENTS & RECOMMENDATION: No objection

MAIN COMMENTS:

Horsham Denne NC Tree Warden, Andrew Dickinson, has visited the site and his report is as follows:

The Sycamore trees all require the usual repeat maintenance reduction work to the canopy. The lower canopy can be lifted to 6m, together with crown thinning, removal of dead wood, and the ivy can be severed.

The Lime trees situated in the north east corner, near the garage area, will require the removal of the lower branches overhanging the garages. A lift of 6m on this tree should be enough to clear the roof of the garage.

The Chestnut tree is a medium to large size, and will require dead wood removal within the crown area, all cuts made to good, healthy points, and any crossing or rubbing branches removed.

The Corsican Pine tree at the front of no.43 Ashleigh Rd, is a large, mature tree. Most of the crown growth is very near the top of the main stem. This will require a further reduction to the previous cut points, including removing any dead wood, which will ensure the tree is in a safe state in view of its proximity to the building.

Therefore, HDNC has no objection to this application as the surgery is part of the regular maintenance programme of tree works on this site.

ANY RECOMMENDED CONDITIONS: As above
