Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Overdevelopment
Comments:	I wish to register my objection to this development on the basis for the following reasons. This site is not allocated for development in the most recent Ashington development plan which is already adding up to 225 houses into a village that has no health provision locally and is already suffering excessive pressure in regards to the local primary school. Additionally, access to the site and proposed development is via already overused and narrow minor roads which will cannot safely

take the substantial additional traffic that will be generated by either the construction or residential traffic flow if the development is permitted.

Kind regards
