Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Loss of General Amenity - Overdevelopment - Trees and Landscaping
Comments:	Horsham has been over developed in the last decade, leading to the loss of much of the surrounding countryside, this proposal would destroy even more. The extensive development progressing at Mowbray has increased traffic, put further pressure on local services (doctors, schools, dentists)this development would just add to that pressure. Notwithstanding the fact that

Southern Water have a drought plan in place, as water supply in the area could be restricted, further development will only add to this restriction. The Moorhead roundabout is already gridlocked at certain times so thus would add to that. Surely the increased traffic pollution goes against the Lib Dem national policy of reducing carbon emissions.
A totally unnecessary development which should not be allowed to proceed

Kind regards
