Reasons for comment:	- Other
Comments:	The house is set on a high position in Horsham so any dormer window would further impinge on the privacy of neighbouring properties as well as being quite a major alteration to the existing build. As an important historic building, I would have thought that the rear of the property, would be as significant as the front. See below:

The Horsham town list of locally important historic buildings
30, 32 & 34 Rusper Road, Horsham
Group of 3 detached double fronted 2 storey
houses set amongst large gardens, with
front drives behind low brick walls. Brick with
quoins and stringcourse detailing, clay tile
roofs, two chimney stacks, toothed timber
eaves detailing. Sliding sash windows,
central door with porch and skirt roof above
ground floor windows.

Kind regards
