Details of the pre-application advice received

Sam Nye has already visited on Monday 17th and measured. The advice was the structure is a little too high due to the use of screws instead of footings. It was discussed and acknowledged at the time, that the granted full application of a double height extension would not be taken forward and this was a reduced alternative. The screws were used to avoid the utilities that run in the ground and were needed to be avoided, hence not being able to do a typical base. Mr Nye advised we would need to make a retrospective application due to the height.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
