Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design
Comments:	I support the new proposed use of this currently unoccupied building and have no objections to it becoming a hotel. However the design is an absolute eye sore. (I'm sure you do monitor local facebook groups but just a quick look at those and you will see hundreds of comments and objections on the design of this development). As this is the first building that visitors will see after arriving by train it leaves an awful impression of a characterless, uninspiring and inviting town.

Horsham is a historic market town and it needs a to retain at least some of this character and charm (a lot has already been wiped out) and this development is the tip of the ice burg.
A total redesign to ensure it remains in keeping with the beauty and history of the town is necessary.
Please do no allow this to go ahead without taking these comments into consideration.
Please do not just think about the financial gain but take into account how the impact of ugly design can viscerally impact those that live and work around them. If you are unaware of these concepts please do some research.
As residents of Horsham please please do not allow this is to happen.

Kind regards
