Categories: Consultations

Dear Bethan,

I support the principle of extension but it is necessary for any addition to respect and reinforce the special interest of the listed building. The utilitarian design of the current proposal is not appropriate. I am satisfied the proposed scale of the extension is acceptable but this should be designed with a pitched roof that integrates with the existing extension at this end of the building. I am also supportive of the jumbrellas and the internal alteration to remove modern partitions.

Regards,
Seán
