PROPOSAL:	Creation of a dropped kerb
REFERENCE:	25/0961
RECOMMENDATION:	No Objection, but see below, comments
SUMMARY OF COMMENTS & RECOMMENDATION Comment by one councillor - the traffic overrun protection offered by kerbs, would be lost with dropping kerbs on this busy bit of road. The drop kerb comes from paving over a front garden to create parking (understood) which could add to flood risk when front gardens get paved over.
