Horsham District Council

DELEGATED APPLICATIONS - ASSESSMENT SHEET

OFFICER CHECKLIST	
WEEK ONE (Date Valid)	**7th May 2025**
Check Neighbours	x
Check Consultations (including newts) / Press List	x
Check Description, Plans and Supporting Documents	x
Print and Display Site Notice (if required)	x
WEEK TWO (+7)	**14th May 2025**
Visit Site or request site visit photos (in accordance with Site Visit Guidance Note)	x
Draft HRA / AA if necessary. If the water statement is insufficient discuss with TL / PPO whether to discuss / accept amendments to the strategy.	N/A
Instruct Legal if s106 required (with prior TL / PPO agreement)	N/A
WEEK THREE (+14)	**21st May 2025**
If amendments are likely to be needed discuss with TL / PPO (N.B. Only minor amendments will be accepted in accordance with the Amendment Guidance). When requesting amendments give clear deadline (i.e. start of week 5).	**N/A**
WEEK FOUR (+21)	**28th May 2025**
If no amendments required, contact agent / applicant with update on progress.	**x**
Confirm whether delegated or committee decision (re: parish and neighbour representations)	**x**
WEEK FIVE (+28)	**4th June 2025**
14-day re-consultation letters to be sent on any amended plans	**N/A**
Prepare draft report	**x**
WEEK SIX (+35)	**11th June 2025**
Check 35-day Cllr call-in for Committee	**x**
If decision based on original plans, report to be drafted and submitted for sign off	**x**
WEEK SEVEN (+42)	**18th June 2025**
If decision based on amended plans, report to be drafted and submitted for sign off	**N/A**
Reason for EOT	**N/A**

APPLICATION NO./ADDRESS:

DC/25/0751
11 Station Road, Warnham, West Sussex, RH12 3SR

DESCRIPTION:

Erection of a single storey outbuilding.

RELEVANT PLANNING HISTORY:

None relevant to this application.

RELEVANT PLANNING POLICIES

The National Planning Policy Framework (NPPF)

Horsham District Planning Framework (2015):
Policy 25 - Strategic Policy: The Natural Environment and Landscape Character
Policy 28 - Replacement Dwellings and House Extensions in the Countryside
Policy 32 - Strategic Policy: The Quality of New Development
Policy 33 - Development Principles

Warnham Neighbourhood Development Plan 2017 - 2031
Policy W5: Design of residential development.

Horsham District Local Plan (2023-40) (Regulation 19):
Policy 9: Water Neutrality
Policy 19: Development Quality
Policy 20: Development Principles
Policy 45: Replacement Dwellings and House Extensions in the Countryside

Parish Design Statement:
Warnham Parish Design Statement

REPRESENTATIONS AND CONSULTATIONS RESPONSES

Where consultation responses have been summarised, it should be noted that Officers have had consideration of the full comments received, which are available to view on the public file at www.horsham.gov.uk.

Consultations:

Natural England: Standing Advice:-

It cannot be concluded that existing abstraction within the Sussex North Water Supply Zone is not having an adverse effect on the integrity of the Arun Valley SAC/SPA/Ramsar sites. Developments within Sussex North must therefore must not add to this impact and one way of achieving this is to demonstrate water neutrality. The definition of water neutrality is the use of water in the supply area before the development is the same or lower after the development is in place.

To achieve this Natural England is working in partnership with all the relevant authorities to secure water neutrality collectively through a water neutrality strategy. Whilst the strategy is evolving, Natural England advises that decisions on planning applications should await its completion. However, if there are applications which a planning authority deems critical to proceed in the absence of the strategy, then Natural England advises that any application needs to demonstrate water neutrality.

Southern Waters: No objections to this proposal

Parish Comments:

None received

Representations:

None received

HUMAN RIGHTS AND EQUALITY:

The application has been considered having regard to Article 1 of the First Protocol of the Human Rights Act 1998, which sets out a person's rights to the peaceful enjoyment of property and Article 8 of the same Act, which sets out their rights in respect to private and family life and for the home. Officers consider that the proposal would not be contrary to the provisions of the above Articles.

The application has also been considered in accordance with Horsham District Council's public sector equality duty, which seeks to prevent unlawful discrimination, to promote equality of opportunity and to foster good relations between people in a diverse community, in accordance with Section 149 of the Equality Act 2010. In this case, the proposal is not anticipated to have any potential impact from an equality perspective.

PLANNING ASSESSMENT:

The application has been assessed on the basis of the submitted details, together with the planning history of the site and adjoining properties, available images and photographs supplied by the agent. These details were considered sufficient to allow the application to be properly considered and determined.

Character and Appearance

Policy 28 of the HDPF relates to house extensions and outbuildings in the countryside, stating that ancillary accommodation and garaging must demonstrate that the need for additional space cannot be met from an existing dwelling or buildings suitable of conversion on the site, with new outbuildings sited to have regard to the dwelling they serve and be grouped with the house. The policy also states that the use of ancillary accommodation as a separate dwelling will not be supported.

Policies 32 and 33 of the HDPF seek to ensure that development promotes a high standard and quality of design in order to enhance and protect locally distinctive characters. The policies also seek to ensure that the scale, massing and appearance of development relates sympathetically with the built surroundings, landscape, open spaces and routes within and adjoining the site, including any impact on the skyline and important views.

Policy W5 of the Warnham Neighbourhood Development Plan aims to maintain that proposals for residential development will be supported where:

a) The scale and character of the proposals respect the landscape and its features, valued views into and out of the settlement, the local streetscape and heritage assets;
b) There will be no unacceptable loss of amenity for neighbouring uses through the loss of privacy, loss of light or visual intrusion;
c) They demonstrate high quality design that is in keeping with the scale and existing character of buildings and layout in the area; and
d) They protect and preserve priority habitats.

The proposal would be small scale, stepped down and set in from the existing garage building. The proposal has been designed to be in keeping with similar garage buildings within the locality, and is considered to be of a design and form that would reflect the character and appearance of the locality. The immediate neighbouring properties have similar outbuildings projection from the detached garages into the rear garden. The proposed development would be in keeping with the characteristic of the rear garden environment. It is considered that the development would not harm the character or appearance of the site or wider surrounding area and would accord with the above policies.

Impact on Neighbouring Amenity

Policy 33 of the HDPF states that permission will be granted for development that does not cause unacceptable harm to the amenity of the occupiers/users of nearby properties and land.

It is considered that the siting and layout of the proposal and the resulting relationship with adjacent properties would be sufficient to prevent any unacceptable harm to neighbouring amenity.

Water Neutrality

There is no clear or compelling evidence to suggest the nature and scale of the proposed development would result in a more intensive occupation of the dwelling necessitating an increased consumption of water that would result in a significant impact on the Arun Valley SAC, SPA and Ramsar sites, either alone or in combination with other plans and projects. The grant of planning permission would not therefore adversely affect the integrity of these sites or otherwise conflict with policy 31 of the HDPF, NPPF paragraph 180 and the Council's obligations under the Conservation of Habitats and Species Regulations 2017.

Biodiversity Net Gain

In accordance with the Biodiversity Gain Requirements (Exemptions) Regulations 2024, all householder applications are current exempt from the statutory requirement to demonstrate a 10% net gain in biodiversity.

Conclusion

The proposal is considered to comply with relevant local and national planning policies and is therefore recommended for approval.

Recommendation: Application Permitted

Conditions:

2 **Standard Time Condition**: The development hereby permitted shall begin before the expiration of three years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

3 **Regulatory Condition**: The materials to be used in the development hereby permitted shall strictly accord with those indicated on the application form and approved plans.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of visual amenity and in accordance with Policy 33 of the Horsham District Planning Framework (2015).

4 **Regulatory Condition**: The accommodation hereby permitted shall be occupied solely for purposes incidental to the occupation and enjoyment of 11 Station Road (as defined on the approved Location Plan) as a dwelling and shall not be used as a separate unit of accommodation.

Reason: The establishment of an additional independent unit of accommodation would give rise to an over-intensive use of the site and/or lead to an unsatisfactory relationship between independent units of living accommodation contrary to Policies 26 and 33 of the Horsham District Planning Framework (2015).

NOTE TO APPLICANT
Please note surface water should not be disposed of into a public foul sewer and must comply with the Hierarchy of H3 of the Building Regulations. For more details, refer to the Drainage and Waste Disposal: Approved Document H on the GOV.UK website.

Any new connections to the public sewerage system will require a New Sewer Connection application (also known as a Section 106) to be submitted and approved by Southern Water.

Due to legislative changes effective from 1st October 2011 regarding the ownership of sewers, it is possible that some previously private sewers, now deemed public, could be crossing the above property and may not be shown on Southern Water records. Therefore, if any additional sewers are discovered during construction, an investigation will be required to determine their condition, the

number of properties served, and potential access methods before any further work can proceed on site.

POSITIVE AND PROACTIVE STATEMENT

Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received, in order to be able to, where possible, grant permission.

Plans list for: DC/25/0751
(The approved plans will form Condition 1 on the Decision Notice of all Permitted applications)
