| Reasons for comment: | - Trees and Landscaping |
| Comments: | I am a resident of Primrose Court and overlook the Silver Birch in our communal gardens. It is a beautiful, old tree that has habitats of wildlife, squirrels and birds nesting . I have seen bluebirds visit every year in the attached nesting box. We are supposed to be preserving our trees to protect the environment not destroying them unnecessarily. My understanding is there is a fracture within the left hand trunk which could be felled if dangerous leaving the undamaged right trunk in tact.<br>My main objection is not to fell the whole tree and to give it a chance to survive. |

Kind regards
