Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other
Comments:	I am objecting due to the negative impact on the wildlife and eco-systems that live there. This is regarding impact from car, noise and light pollution. Not to mention the impact on highway access and the high potential of traffic congestion at Moorhead roundabout which is already an issue. I foresee this also having a negative impact on emergency services, schools and doctor surgeries as we don't have the

infrastructure in place to support the volume of people that would move into the new development.

Kind regards
