Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	There is no requirement for the premises to open any earlier than already applied for. At that time of the morning there are no tourist walkers, it is purely dog-walkers and people going about their every-day activities, personnel not "out for a coffee". There is no requirement for facilities any earlier and is just adding to noise pollution at early times of the morning, especially for local residents that work night and shift hours.

There is no benefit to "the wider economy" as there are already 2 venues offering the same products within a 5 minute walk, both of which have parking facilities.

Kind regards
