Customer Details

Address:	24 gorings mead Horsham

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	The previous application was retrospective. This should not have been the case and indicates that the need for finance over rules abiding by the regulations. People affected by the additional traffic - gorings mead and the Goring's residents

-Dog Walker and people using cheshworth farm for recreation
-Cars parked within the times of the parking restrictions

The YMCA Club talk about monitoring and regulation

Anyone who lives in the road knows that no such monitoring has taken place - these are the people who during the grand share with Horsham football club advise residents that there would be stewarding in the road on match days - it never happened
The road has a very narrow entrance and entrance and exit both have their hazards as a resident. This is something we see every day.
Business parking often creates a hazard as drivers exceed the speed limit particularly when they are late for work or rushing home at the end of the day
They are not alone as footballers are as a guilty of speeding particularly on training evenings
The Club point to the fact that there have not been any accidents - presumably they are aware of the regular near misses.

Kind regards
