Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Overdevelopment
Comments:	I can't see that anything has changed. This is my village, where I have lived for more than 30 years, and it feels as though none of our comments have been listened to. The village has presented extensive evidence and facts that should have been properly

considered.

This latest SW letter takes no account of those facts and instead demonstrates a dismissive and uncaring attitude towards Barns Green. It gives the impression that they believe they will be granted permission to build whatever they submit.

The claim that there is sufficient capacity at the Barns Green sewage works to support new housing is simply incorrect and ignores the clear evidence already provided. One only has to look at the submitted information and photographs to see this.

Kind regards
