Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	I challenge SW statement that there is sufficient capacity in the Barns Green sewage works for new houses when repeatedly raw sewage overflow discharges into Parsons Brook which leads to pollution in the wider river system. This situation has been happening for many years and more housing will increase the

pollution and be harmful to wildlife, the environment and be even more unpleasant for the villagers.

Kind regards
