Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	I repeat my earlier objections to this development. The alteration in plans by the developer does not in any way address my objections. The latest consultation response by Southern Water is frankly ridiculous. To say that there is sufficient capacity in the Barns

Green sewage works flies in the face of the physical evidence of regular overflows. This response cannot be accepted at face value by HDC as it is wholly incorrect.

Kind regards
