Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Overdevelopment
Comments:	Horsham is currently struggling to cope with the current housing we have. There is insufficient hospitals and doctors. Insufficient school places. The roads are congested and in diabolical condition. We have water shortages every year without fail. The wildlife in our area is suffering desperately because of the overdevelopment of Horsham. This was a beautiful town for years until we were voted in the top 10 places to live at which point we have developed every field, green space around and in Horsham.

Now it's awful overcrowded over priced and no longer a green area. It's been ruined for the original residents and especially for the wildlife. Just stop building houses and supply the necessary infrastructure to support the existing housing needs.

Kind regards
