Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other - Overdevelopment
Comments:	I object to this development---too many dwellings for the size of the site. Doomsday Lane is already a rat run for traffic and as a pedestrian I have to pick a quiet time of day to use the lane to get to the garden centre in Brighton Road. The residents of the new development will use the lane to get to schools and work. It does not seem possible for a footpath to be created for pedestrians.

Each dwelling will probably have more than one car and the increase in traffic will make the area more dangerous.
It is all very well to have a wildlife corridor but the wildlife will be channelled to the gulley at the busy junction of Doomsday Lane and Hammerpond Road and will most likely be run over.

Kind regards
