Reasons for comment:	- Other
Comments:	This is a beautiful green space. Horsham is losing so much of this with the constant building of more and more houses. There are brown sites which could be used instead eg the old Novartis site. Consider too the loss of wildlife habitat. I don't see any extra facilities being created such as doctors surgeries, schools etc just more and more houses and more and more congestion. Please consider local resident objections as these are generally not taken into consideration you just go ahead anyway.

Kind regards
