Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Overdevelopment
Comments:	I object to this development as Horsham is now getting ringed by housing development, making it increasingly difficult to access the countryside without having to get in the car, which surely is non sustainable. This is one of the few access points that let's us do this. In addition, this road is constantly having accidents on it and further development can only make matters worse. Finally, once again there is no thought given to the infrastructure that is needed to support further housing..doctors, pharmacies

and hospitals come into mind as well as the aforementioned road infrastructure.

Stop ringing Horsham with housing developments: there are enough new houses being built at the moment anyway. We do not need another one on what is a very inappropriate site.

Kind regards
