Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	I would like to add the following comments to the objection I logged recently regarding DC/26/0472. Since logging my objection I have been made aware that Eastlands Lane is designated as a Local Green Space which I understand provides protection to areas such as the Lane, areas

which are used by the community for walking, socialising and providing links to other walks and footpaths. My husband and I walk along the lane on a regular basis and it is an important social hub for the village.

Furthermore, at two recent public meetings the developer has refused to rule out making further applications for more development on adjacent land if permission for this one is granted.

Kind regards
