

Horsham Denne Neighbourhood Council

CONSULTATION COMMENTS

TO:	Horsham District Council – Planning Dept
SITE ADDRESS:	17 Wimblehurst Road, Horsham
PROPOSAL:	Surgery to 1 x Yew. Surgery to 1 x Portuguese Laurel. Fell 1 x Leylandii. Fell 1 x Acuba Japonica. (Works to Trees in a Conservation Area).
REFERENCE:	CA/26/0034
RECOMMENDATION:	No objection
SUMMARY OF COMMENTS & RECOMMENDATION: No objection – see main comments	
MAIN COMMENTS: Horsham Denne NC Tree Warden, Andrew Dickinson, has visited the site and his report is as follows: The four small trees and shrubs are located in the back garden. The Yew tree, on the boundary wall with no.19, will require a crown reduction of 1.5m overall, including raising the canopy to the height of the wall. This will improve the health of the tree and light levels to the area. The Acuba Japonica is situated to the rear of the garden and has been reduced on a previous occasion. This has resulted in the regrowth of many suckers. The owner would like to improve this area as there are old tree stumps left from a previous tree removal. The Portuguese Laurel, on the opposite side of the garden, will benefit from a crown reduction and thinning by 1m overall, including a raise to the boundary wall height. There is a Leylandii hedge that was grown by the previous owners to screen an old compost site. This is not needed any longer and does not suit the location as it is growing a 45 degrees into the garden. Therefore it can be removed to improve the area to suit the new owner's plans. Therefore, HDNC has no objection to this application.	
ANY RECOMMENDED CONDITIONS: See main comments.
