Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	The Haven Society committee has reviewed the application. We encourage the planning committee to review the cumulative development of the 220 acre farm rather than evaluate this application in isolation.

There is currently no remaining building on the site that can be described as either agricultural or equestrian.

The "Groom's Cottage" is the last vestige of the once agricultural nature of the site and conversion into a two-storey family home could be considered overdevelopment.

Kind regards
