Customer Details

Address:	Downslea, Maudlyn Park, Bramber Steyning

Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Trees and Landscaping
Comments:	I fully support this application as it has been professionally proved the detrimental effect this tree is having on our drainage system. The photograph clearly shows the tree is surrounded by concrete and should never have been planted there. All of our services are directly below or alongside this tree. Two properties have already spent huge amounts of money clearing drains of roots and there is an urgent need to remove the tree and kill the roots. This will not have a detrimental effect on the area, new trees have already been planted and two more are destined to be planted in November.

Kind regards
