Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I highly support the application from change of use to veterinary practice. The application states this will not be run as a day to day veterinary practice and only for office staff and a base for the vets for meetings and to collect equipment. This will not affect any neighbouring properties or cause any extra traffic on the road. The road is already home to 2 local businesses, a cattery and holiday cottages so the road is not purely residential. There will be no out of hours or long working hours, just standard 8am - 6pm. It is great to support a local business owner and to have an independent vet close by rather than the corporate equine vet

practices which are taking over and no real care for horses or owners.

Kind regards
