Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I would like to support this application as it would be good to have an independent veterinary practice in the area. As a horse owner for the last 40 years, there are few and far between independent vets and now nationally owned veterinary practices. Also the location for this is ideal as there are already 2 business on the road, including holiday lets and a cattery so the road isn't just residential. As the application states office based, I cannot see this being a problem for the local residents and will not affect their day to day lives or any access issues. I think this is a great application and I really hope the council approve.

Kind regards
