Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I live a few doors away. I am very supportive of this application for the vet practice. The planning statement makes clear that clients will not be coming and going to the practice and client's horses will not be kept at the premises which is important to note. This means it is an administration type operations with small movements of people coming and going. It important that if approved there are strict conditions preventing any increase in business usage as that will lead to more movements and potential noise/disturbance to neighbours. I'm confident the HDC will apply

such appropriate conditions.
So fully supportive.

Kind regards
