Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I would like to express my support for this application for the change of use to a veterinary practice office. This proposal is for office use only, with no on-site veterinary treatment or practice activities taking place, meaning there should be minimal impact on neighbouring properties, traffic, or noise levels. Having an equine veterinary office based locally to Billingshurst would be a positive addition to the area, particularly given the

large number of equine properties, stables, and horse owners within the surrounding countryside. Access to locally based equine veterinary support is important for the rural community and helps support the area's strong equestrian presence.

I believe this represents a sensible and beneficial use of the property and respectfully ask that the application is supported.

Yours faithfully,

Russell Cooper

Kind regards
