

Tree Report	Date 17/07/2026
Company Name: Paul Goldring Tree Surgery Dukes Cottage, School Hill, Storrington, West Sussex RH20 4NB 01903 746480 suegoldring39@googlemail.com	
Location of Trees: Cabana, Silverwood Copse, West Chiltington. Ref No: DC/26/1058	
Type of Trees: Oak DBH: (Diameter at base height) : T3 850mm Height: 12 metres Spread of Tree: 6-7 metres	
Tree Description: Mature Oak Tree in South Western corner of back Garden, within 6 metres of neighbours Bungalow, appears completely dead with loose Bark around the Trunk, on closer inspection small round holes are present over most of the Bark, suspected Beetle infestation leaves still attached to Branches, all are Brown and showing the Tree has suddenly died after new leaves were formed in the Spring.	
Recomendations: My recommendation is to fell the Tree before it fails and damages neighbouring property.
