Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking
Comments:	Cross Lane is a heavily used road, with a 40mph speed limit, that cars cut through and race from one end to the other, including HGV vehicles as they can't access Barns Green via the two Mile Ash road, due to the low railway bridge. There are already problems with vehicles trying to pass each other, due to cars parking on the road and restricting the highway, having another property at that location would reduce off road parking and mean extra cars parking on the highway, and that is with out all the vehicles linked to the construction works.

Kind regards
