Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I am writing to formally object to the proposed installation of a 20m telephone mast on the grass verge adjacent to the shopping precinct.

The scale and siting of this particular proposal are inappropriate. At 20 metres, the mast would significantly overbear the existing low-rise skyline and the small shopping precinct in a residential area, resulting in a detrimental visual impact in the neighbourhood. It would be disproportionately tall and an eyesore for our local community.

This industrial structure is out of character with the residential nature of the area and in my opinion, would fail to respect the local character. This proposed development is not "proportionate" to its surroundings, would feel intrusive and reduce the quality of the neighbourhood.

Kind regards
