Note to Applicant

Technical Details Consent (TDC) Requirements

This Permission in Principle establishes only the location, land use and amount of development. All detailed matters, including access, layout, design, drainage, ecology, landscaping, affordable housing and infrastructure requirements, must be addressed through a subsequent Technical Details Consent (TDC) application in accordance with the Town and Country Planning (Permission in Principle) Order 2017.

The Amount of Development

The applicant is advised that whilst permission in principle is granted it would be necessary as part of any subsequent Technical Details Consent to demonstrate that two dwellings can be provided on the site in a way which would reflect the pattern and character of surrounding development.

Biodiversity Net Gain

Paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 requires that planning permission is deemed to be granted subject to the "Biodiversity Gain Condition", which would prevent development from commencing until a Biodiversity Gain Plan has been submitted to and approved by the Local Planning Authority.

However, under Regulations 4, 5, 7 and 8 of the Biodiversity Gain Requirements (Exemptions) Regulations 2024, the statutory biodiversity gain condition does not apply to certain categories of development, including development which:

- 1) does not impact any onsite priority habitat (as defined under section 41 of the Natural Environment and Rural Communities Act 2006); and impacts less than 25sqm of onsite habitat with a biodiversity value above zero, and less than 5 metres of onsite linear habitat;
- 2) is the subject of a householder application;
- 3) is undertaken solely or mainly for the purpose of fulfilling a biodiversity gain planning condition attached to another development;
- 4) consists of no more than 9 dwellings on a site no larger than 0.5ha and consists exclusively of self-build or custom-build dwellings.

Applicants are advised that statutory exemptions and transitional arrangements are set out at Paragraph 003 (Reference ID: 74-003-20240214) of the Planning Practice Guidance <https://www.gov.uk/guidance/biodiversity-net-gain>

Highways and Access

Full access details, parking layouts, and internal circulation arrangements will be required at the Technical Details Consent stage.

Horsham District Council has adopted a Community Infrastructure Levy (CIL) Charging Schedule which took effect on 1st October 2017. **This development constitutes CIL liable development.**

Payment must be made in accordance with the requirements of the CIL Demand Notice issued.

ADDITIONAL INFORMATION

Planning Permission – Important Provisos

If planning permission has been granted, please note that your Notice of Decision refers only to consideration of your proposal under the Town and Country Planning Acts. It is not a building regulations approval and does not mean that you can disregard other Acts of Regulations, or avoid any other legal obligations. Some of these obligations, of particular relevance to your proposal are referred to elsewhere in this note. Before you proceed with your proposal you should ensure that a Building Control application is not required, or has been submitted. The Building Control Department can be contacted on 01403 215151.

If this permission relates to new dwellings, commercial premises or other buildings which will require a new postal address you should contact the Council's Street Naming & Numbering Department as soon as possible or before work commences on site. Further details are available on the Street Naming page on the Council's website or alternatively e-mail streetnaming@horsham.gov.uk or telephone 01403 215139.

It is the responsibility of the developer to provide bins for the development. If you are a developer and need to purchase bins, please email hqp.oast.admin@horsham.gov.uk.

It must be stressed that the information included on this Notice of Decision may not include all your legal obligations, and it does not grant you rights to carry out works on or over lands, or to access land that is not within your control or ownership.

Amendments

Should alterations or amendments be required to the approved plans, it will be necessary to apply either under Section 96A of the Town and Country Planning Act 1990 for non material alterations, or under Section 73 of the Act for minor material alterations. An application must be made using the standard application form and you should consult with us, to establish the correct type of application to be made.

Monitoring

Horsham District Council monitors the implementation of planning permissions. Please be aware that monitoring officers may visit the application site at various stages of the development to ensure compliance with the approved plans and conditions.

Right of Appeals

If you are aggrieved by the decision to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

You must appeal within 12 weeks of the date of the decision notice for a householder application or 'minor commercial' (shop front) development, and within 6 months for other types of planning applications. There are different timescale – usually 28 days – if an enforcement notice is/has been served for the same (or very similar) land and development. Please note, only the applicant possesses the right of appeal.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are at <https://www.gov.uk/government/collections/casework-dealt-with-by-inquiries>.
