Dear Shazia,

Following receipt of the revised plans showing different elevation treatment of the retaining walls, my view remains the same as expressed in my original response of 18.04. The following conditions should be placed on the application if it is successful.

Regards,
Seán

LB06 Site Meeting Before Works Commence

Pre-Commencement Condition: Before any work begins on site, the person(s) responsible for supervising the works must meet the conservation officer of the Local Planning Authority, on site or as otherwise agreed, to confirm that all the conditions attached to the listed building consent are understood and can be fully complied with.
Reason: As this matter is fundamental to ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).

LB07 Submission of Details

Pre-Commencement Condition: No relevant works shall commence until the following details have been submitted to and approved in writing by the Local Planning Authority. The works must not be executed other than in complete accordance with these approved details:

- Specification of mortar joints, fully describing the extent of the work, the components of the mortar and the pointing profile.

Reason: As this matter is fundamental to ensure that the significance of the designated heritage asset, and the character, appearance and integrity of the building, is not prejudiced, thereby preserving the special architectural or historic interest which it possesses, and to comply with Policy 34 of the Horsham District Planning Framework (2015).
