Dear Halima,

I have looked at the revised noise management plan that was recently submitted on behalf of EHL. It is a little confusing as it speaks of two fields, then goes on the talk about a dog walking field in the singular. I am therefore assuming that one human to two dogs is over the entire (two field) space.

I would like to see more detail on how users are banned from the use of the space, and given the proximity of the Doodley Dogs site, I would expect to see more than just relying on complaints. There should be some in-person monitoring of noise as well.

I would also like to see some terms and conditions that the users of the field must adhere to, i.e. keeping noise to a minimum, etc.

Provided that the above assumptions are correct, and the requested amendments are added and submitted to this authority prior to any permission being granted, this department has no objection.

Best,

Fiona Hiron
