**Recommendations of the Planning & Services Committee meeting held on Thursday 2nd November 2023**

## PLANNING APPLICATIONS

The Committee will consider the following planning applications:

**DC/23/1788 – Mulsey Farmhouse Stane Street North Heath West Sussex**

Creation of new access, driveway, boundary treatments and electric gates.

**PPC Comments –**This appears to be a safer option than gates currently supplied and therefore with road safety in mind we can see no reason to refuse providing that the new splay conforms with Highway Regulations governing access to a 60mph "A" classification road.
