Comments:	Once again another planning application from Windacres !!!!! The monstrous and huge green building was erected without consent, yet was never instructed to be demolished, which it should have been. Why not ?? Now he is applying to remove the restrictions for agricultural use only .What will go in there....scrap yard, garage, another business

which will seriously compromise the natural beauty, and wildlife of the area. Also any light generated from associated buildings will also have an impact on the wildlife, and noise could be a major issue depending on what will be carried out in these. Buildings.

Why are we all restricted to building regulations, and yet this individual never is !!!! It's a constant nuisance to everyone in the neighbourhood and he should have to comply like all of us have to.

Kind regards
